AS THE 1st PLACE WINNER OF ASIA TERMINAL FALL 2024

Terminal Live is an AI programming competition featuring over 30,000 of the world's best engineers and data scientists. The Terminal Live season included virtual events for hundreds of students at the most prestigious universities in the US, Canada, Europe and Asia. At each competition, teams coded algorithms for a tower defense-style strategy game, and competed head-to-head in a single-elimination tournament.
